Published Every Weekday Afternoon.  
Subscription: One Year, \$3; One Month, 25 cts.  
Single Copy, 1 cent.  
Members of the Publishers' Press—The latest telegraphic news from all parts of the world are received by the Daily Times up to the hour of going to press.  
Frank E. Langley, Publisher.  
Entered at the Postoffice at Barre as Second Class Matter.  
THURSDAY, MAY 10, 1906.

The average daily circulation of the Barre Daily Times for the week ending Saturday was

4,134

copies, the largest paid circulation of any daily paper in this section.

Royalty is having a hard time dodging the bombs just now.

The defense of the automobile by a correspondent in today's paper brings out some interesting information.

John Young of Newport, John Senter of Montpelier and J. E. Cushman of Burlington ought to be able to evolve something workable as a change in the judiciary of Vermont.

Montpelier is in a quandary; the circus and a caucus are scheduled to appear on the same date next month, and the sympathies of the people are divided. Of course, the caucus ought to be postponed.

The state campaign this year, although efforts have been made to force it, is backward like the spring, and late candidates are not the exception. There are new rumors of a third candidate for governor, and worse yet, he is to be from the east side. The Times cannot vouch for the truth of the rumor, but friends are urging John L. Bacon to become a candidate.

It will be some time yet before the total loss by earthquake and fire in San Francisco is accurately figured, but the present estimate according to the most trustworthy authorities is \$300,000,000. This makes our other national calamities in property loss appear insignificant, indeed. It was the impression gained by experience that with the later development the loss would be whittled down. Unfortunately, the figures still stick at the maximum.

Speaking of Washington county politics. It is stated that E. W. Huntley of Duxbury and L. R. Wells of Middlesex are candidates for re-election as assistant judges. Both gentlemen have proved efficient officials and their selection for another term would be a choice that could not well be improved upon at this time. There is also a rumor that W. F. Shepard of Barre purposes to contest the sheriffship with the present incumbent, Frank Tracy. There is not the slightest reason for a change in this office and if Mr. Shepard feels of the public pulse, he will defer any aspirations he may have for that office.—Northfield News.

This is the first intimation that Mr. Shepard "purposes to contest" with Frank Tracy for the position of sheriff in Washington county. Although approached on the matter, Mr. Shepard has thus far given no hint as to his intentions, so that all the reports of his purpose are mere conjecture.

## THE THIRD CANDIDATE.

Without in any way disparaging the abilities of Congressman Haskins or Governor Bell, the former candidate for re-election to Congress and the latter seeking to succeed Mr. Haskins, The Times desires to say a word for the third candidate for the same office, John W. Gordon of this city, and first briefly state who he is.

Mr. Gordon was born in Vershire in 1857, and is the youngest candidate of the trio. Mr. Gordon prepared for college in the Spaulding academy and graduated from Dartmouth in 1883. He then taught school as sub-master in the Milford, Mass., high school and was for two years assistant master in the Worcester, Mass., high school. In 1886 he resigned this position, took the examination for teachers in the Boston schools. Although he received a certificate, he came to Barre and took an interest with his father-in-law, D. T. Dunham, in the

granite business. In 1888 Mr. Dunham died and Mr. Gordon continued the business until 1890, when he sold out and was admitted to the Vermont bar at the general term of that year and has been practicing here since. He is now recognized as one of the leading lawyers of the state.

Mr. Gordon has held numerous town and city offices. He was a member of the school board a long time. He was town law agent and has been city attorney for four years. He was mayor of the city for four years when the city was new and did much toward developing the government of the municipality which is now one of the leading cities of the state. Because of knowledge of public offices and ability as a speaker Mr. Gordon has been called on in nearly every recent campaign to stump the state in the interests of the Republican party, and if chosen to a seat in Congress would, we believe, give prestige to the office and honor to his state.

## JINGLES AND JESTS.

Alimentary.  
Saccharine, formaldehyde, salicylic and benzoin.  
These are things it wrestles with every passing day.  
Don't you think that on the whole, your stomach is heroic  
in its way? —Puck.

## KIST.

In a pamphlet issued by the Simplified Spelling Board of New York there is a list of 100 words in the "new" and "old style," including such changes as address for addressed, fixt for fixed and kist for kissed.  
A kiss by some new name would be as sweet.  
And if 'twere spelt in any other way I throw it would be pleasant to repeat—  
That is if she were fuscious and should say:  
"You mustn't! Now you stop! Please—please be good!"  
And then at last, when fast and fairly caught,  
Cease pleading, as a gentle maiden should.  
And all things save the joy of love forgot.

Her lips will still be red when from the list  
We've struck the pleasing word that, said and sung,  
Has served so oft to thrill, and still the list  
Will have its lure as long as hearts are young.  
Reformers may conspire to make the word  
A bad-tailed thing, e'en as a Maux-man's cat.  
The snake that follows, though, will still be heard.  
They'll never take the sweetness out of that.

However future men and maids may strip  
The dear words we have fondly learned to spell.  
However they may be inclined to clip  
Away the letters that have served us well,  
Deep joy will still be his and hers when she,  
Caught in his strong arms, ceases to resist  
And from all semblance of compunction free  
Serenely turns her face up to be kist! —Chicago Record-Herald.

## SAFE DEPOSIT BOX

## DO IT NOW

Rent one of our Safe Deposit Boxes. The cost is trifling—about one cent a day—and surely the feeling that your valuable papers, deeds, insurance policies, notes and securities are safe is worth many times that amount.

Valuable papers should not be left lying around in desks or closets at home where they may easily be lost or, in case of fire, burned, when it costs so little to keep them under lock and key in one of our Safe Deposit Boxes.

The boxes in which we store papers are made of heavy tin, and fit snugly into a steel box with a lock on the door that requires the key of the renter to open. No one else can have access to it and the protection is certain.

We are always pleased to show our Safe Deposit Boxes and if you are interested come in and talk the matter over. Open daily from 9 to 3, Monday evenings, 7 to 8.
